

CITY OF DIXON EQUAL EMPLOYMENT OPPORTUNITY PLAN (EEOP)

APPROVED:

Jim Lindley, City Manager

Updated Date

PURPOSE

The purpose of the City's Equal Employment Opportunity Plan (EEOP) is to ensure that all people are provided equal opportunity in all employment decisions. The City of Dixon (the City) takes its equal employment opportunity obligations seriously. In adopting this EEOP, the City's intention is to comply with all applicable state and federal laws and regulations pertaining to equal employment opportunities; including but not limited to the California and United States Constitutions; California's Proposition 209, 41 C.F.R. § 60-1.40(a)(1) and any applicable rules proscribed by the United States Office of Federal Contract Compliance (OFCCP).

POLICY

The City is committed to ensuring that all qualified individuals have a full and fair opportunity to compete in all phases of the hiring process and promotion, and to enjoy the benefits of employment with the City. All employees and applicants shall receive equal consideration and treatment in employment without regard to race, color, religion, gender, sexual orientation, national origin, age, disability, genetic information, marital status, amnesty, or status as a covered veteran in accordance with applicable federal or state statutes, the City's ordinances, resolutions, rules or regulations.

APPLICABILITY

The provisions of the City's EEOP are applicable to full-time, part-time and extra help hiring and employment. The policies and principals of equal employment opportunity also apply to the selection and treatment of independent contractors, personnel working on City premises who are employed by temporary agencies, and any other persons or firms doing business for or within the City.

POLICY NO. 13-011 CITY OF DIXON The scope of the EEOP includes, but is not limited to the following: all recruitment, hiring, placement, promotion, and transfer decisions will be on the basis of qualifications of the individual for the position being filled regardless of race, color, religion, ancestry, national origin, age (over 40 years), gender, sexual orientation, marital status, medical condition, physical disability or mental disability.

The City pledges to provide training opportunities equally to all employees based on the needs of the individual and department, with regard for budgetary constraints. The City's tuition reimbursement program will be administered equitably.

Benefits are provided equally to all employees, based upon employment status, job classification, qualifications, and time in service.

Disciplinary actions and separations will be based upon performance criteria that are applied equally to all employees in the same job group.

The City will notify all vendors and referral agencies of the City's EEOP. A letter will be sent annually that includes the following commitment:

"The City of Dixon is committed to the principle of equal employment opportunity and values diversity among all our team members. The City does not discriminate in employment decisions on the basis of race, color, religion, sex, sexual orientation, national origin, veteran status, disability, age, marital status, medical condition, sexual orientation, or any other legally protected status. We welcome and encourage you to assign your qualified minority, female, veterans, and disabled clients to meet our staffing needs."

All contracts with City sub-contractors will include language as required by the Office of Federal Contract Compliance Programs (OFCCP) that requires sub-contractors to maintain equal employment opportunity policies, and, as necessary, affirmative action policies.

Those who feel the EEOP has been violated are encouraged to discuss it with their supervisor, manager or the Human Resources Director. All complaints will be taken seriously and investigated promptly. The process is the same as that for any other complaint of discrimination.

The City will update and reaffirm this EEOP as deemed necessary.

MERIT CONSIDERATION

Nothing within the City's EEOP shall be construed to set quotas for the hiring of members of protected classes that would conflict with the requirements of applicable laws, including Proposition 209. However, the City will make a good faith effort to engage in inclusive public outreach and recruitment programs that, as a component of general recruitment, may include, but not be limited to, focused outreach and

recruitment of minority groups and women if any group is underrepresented in entry-level positions. Additionally, the City will evaluate applicable hiring criteria to ensure such criteria are reasonably job related and do not arbitrarily exclude members of any underutilized group. The City's EEOP shall not be used to discriminate against any applicant or employee.

Nothing within the City's EEOP shall be construed as to state or imply that the City desires to depart from its established policy of only hiring or promoting those individuals who possess the minimum qualifications for any specific position; or the practice of employing or promoting that individual who possesses the best qualifications and experience without regard to political beliefs or affiliation, race, religion, color, sex, sexual orientation, disability, age, national origin, veteran status or any other non-merit factors, except where such factors are a valid occupational consideration.

It refers to concrete steps taken in recruitment, hiring, and personnel decisions to eliminate discrimination. The purpose of affirmative action is to achieve equal employment opportunity. Applicant Flow—The number of applicants for employment for a given job over a stated period of time, analyzed by sex and applicant status. Civil Rights Act of 1964—The nation's first comprehensive law making it illegal to discriminate on the basis of race, color, religion, sex and national origin. Title VII of that law, which is enforced by the Equal Employment Opportunity Commission (EEOC), is specifically aimed at discrimination in employment.

<u>Compliance</u>—The degree to which federal contractors or subcontractors carry out the goals and commitments in their affirmative action plans or nondiscrimination clauses in their contracts.

<u>Corrective Action</u>—Correction of deficiencies identified during a compliance review of an affirmative action plan by a regulatory agency.

<u>Debarment</u>—A sanction that disqualifies a Company or Agency from bidding on future government contracts or subcontracts and that may terminate current contracts or subcontracts. A contractor can be debarred for failure to comply with nondiscrimination in employment legislation.

<u>Disparate Impact</u>—The result of a test or other employment practice which screens out or otherwise limits the employment opportunities of women or minorities at a greater rate than members of other groups.

<u>Equal Employment Opportunity</u>—A system of employment practices under which no individuals are excluded from consideration, or participation, or benefits because of their race, color, religion, sex, sexual orientation, national origin, age, disability or veteran status.

origin. Additionally, the orders require those who employ 50 or more employees and who hold contracts of \$50,000 or more to develop written affirmative action plans.

Goals or Placement Goals—Referred to in the goals section of the Affirmative Action plan, a goal is a target for placing members of an underutilized group in those jobs where statistical analysis indicates under-representation. Placement goals may not be rigid and inflexible quotas which must be met and thus, create possible discrimination.. They are to be considered a guideline for employment.

Good Faith Efforts—Those actions that a contractor voluntarily develops and documents to achieve compliance with the contractor's equal opportunity and affirmative action obligations. These efforts are measured by the contractor's degree to adherence to goals. Good-faith efforts may excuse a contractor from failing to meet a goal or save the employer from sanctions.
